Micro-Wedding Service Details

Micro-Wedding Audio & MC is intentionally designed for smaller events. It is ideal for intimate weddings, elopements, backyard celebrations, dinner receptions, and small gatherings that need dependable sound and a professional host—but do not need full DJ entertainment.

This service does not include dedicated DJ performance or dance-floor mixing, full reception music programming, rehearsal attendance, cocktail-hour second sound, dance-floor lighting, uplighting, multiple audio zones, or extended event coverage. Additional time is available at \$150 per hour, subject to availability.

Terms and Notes

- A signed agreement and a 25% non-refundable first down payment secures the event date.
- Remaining balance is due 30 days before the event unless another arrangement is approved in writing.
- Pricing includes standard setup and teardown.
- Travel, difficult load-ins, unusually large venues, additional sound zones, and custom production requests may require a personalized quote.
- Friday, Sunday, weekday, winter-season, and short-notice dates may qualify for a limited availability incentive.
- Prices are subject to change until the event date is reserved with a signed agreement and retainer.

Quick Quote Message

Thank you for reaching out to Tim Davis Signature Events! My Micro-Wedding Audio & MC option is \$495 for up to two hours and includes professional audio, one wireless microphone, client-selected music playback, and formal introductions/announcements. Full DJ/MC service starts at \$995 for up to four hours of reception coverage, including professional sound, dance-floor lighting, music planning, announcements, setup, and teardown. For ceremony through reception coverage, my Signature Wedding package begins at \$1,595. I also offer ceremony sound for \$325, a separate cocktail-hour sound area for \$225, and up to 12 wireless Chauvet up lights for \$395. I would be happy to confirm availability and prepare an exact quote based on your date, venue, and timeline.
